

WHY SWEAR ALLEGIANCE TO THIS IDIOT?

It's time to grow up, Canada!

"King" Charlie the Brainless makes \$54.2 million each year for doing nothing. And he officially owns all of Canada, which produced over \$8 trillion last year. Meanwhile, nine million of us struggle in poverty, including a million of our children.

Good luck trying to change that under the present system. Every cop, politician, and judge is the sworn servant of Charlie Boy, not you or me. Their corrupt Old Boys' Club is quickly selling out our country to China and turning Canada into a police state.

It's time to get rid of the whole stupid mess. And some of us have started doing so.

A grassroots Republic has formed across Canada with its own local assemblies and courts. We the people are passing and enforcing our own laws, keeping taxes in our communities, and reclaiming the land and the nation for the good of everyone.

So, get on board the Freedom Train! Take out Republic citizenship today and govern yourselves independently from London, Ottawa, Beijing, and Washington!

Which Future do you want?

OR

ON APRIL 28, DON'T VOTE: IT'S TREASON!

RECLAIM THE NATION FROM ALL FOREIGN RULERS!

A MESSAGE FROM YOUR NEIGHBOURS IN THE REPUBLIC OF KANATA

If you think you're practicing "democracy" when you vote, think again: you're just signing away your authority to a foreign monarch. That's called treason.

Here is the only oath that "your" M.P. takes after he/she is elected:

"I pledge true allegiance to King Charles the Third and all his descendants".

That means the politicians are not accountable to you or the law, but to one man.

Some people would like to see that single ruler be King Donald the First.

But either way, it's a farce. It's what passes for "democracy" in Canaduh.

You can declare your independence from this tyranny by not voting on April 28; and

by becoming a citizen of our sovereign Republic and practicing direct democracy.

Read how to do so on the flip side of this flyer.
